## Dead At Seventeen

Agony claws my mind, I am a statistic. When I first got here I felt very much alone. I was overwhelmed with grief and I expected to find sympathy.

I found no sympathy. I saw only thousands of others whose bodies were as badly mangled as mine. I was given a number and placed in a category. The category was called, "Traffic Fatalities."

The day I died was an ordinary school day. How I wish I had taken the bus! But I was too cool for the bus. I remember how I wheeled the car out of Mom. "Special favor," I pleaded. "All the kids drive." When the 2:50 bell rang, I threw my books in the locker—free until tomorrow morning! I ran to the parking lot, excited at the thought of driving a car and being my own boss.

It doesn't matter how the accident happened. I was goofing off—going too fast, taking crazy chances. But I was enjoying my freedom and having fun. The last thing I remember was passing an old lady who seemed to be going awfully slow. I heard a crash and felt a terrific jolt. Glass and steel flew everywhere. My whole body seemed to be turning inside out. I heard myself scream.

Suddenly, I awakened. I was very quiet. A police officer was standing over me. I saw a doctor. My body was mangled. I was saturated with blood, pieces of jagged glass were sticking out all over. Strange

that I couldn't feel anything. Hey, don't pull that sheet over my head. I can't be dead. I'm only 17. I've got a date tonight. I'm supposed to have a wonderful life ahead of me. I haven't lived yet. I can't be dead.

Later I was placed in a drawer. My folks came to see me like this? Why did they have to see me like this? Why did I have to look at Mom's eyes when she faced the most terrible ordeal of her life? Dad suddenly looked very old. He told the man in charge, "Yes, he is our son." The funeral was weird. I saw all my relatives and friends walk toward the casket. They looked at me with the saddest eyes I've ever seen. Some of my buddies were crying. A few of the girls touched my hand and sobbed as they walked by.

Please-somebody wake me up! Get me out of here. I can't bear to see Mom and Dad in such pain. My grandparents are so weak from grief they can barely walk. My brother and sister are like zombies. They move like robots. In a daze. Everybody. No one can believe this. I can't believe it, either.

Please, don't bury me! I'm not dead! I have a lot of living to do! I want to laugh and again. I want to sing and dance. Please don't put me in the ground! I promise if you give me just one more chance, God, I'll be the most careful driver in the whole world. All I want is just one more chance. Please God, I'm only 17.

## National Vocational Educational Week

### Being Observed

The week of February 10-14 is National Vocational Education Week. The Trade and Industrial sections of the Elba High School presents this article in observance of the occasion. The T. and I. sections are: auto mechanics, welding and the Cooperative Education Program. These vocational programs at Elba High School continue to be among the most successful programs in the state. Vocational education courses are designed to develop personal, pre-vocational and occupational skills, to explore

careers and to prepare individuals to meet the basic requirements of the world of work. Upon completion of the courses, students may obtain employment or continue their education and training by attending college or trade school. The vocational programs at Elba High School are offered as part of the total education program. The courses are designed and scheduled so that students can take any subject matter they may need for graduation and personal development.

## How Would Life Be Without Embarrassment?

BY: MARTY HARRELSON

"As we were allowed of God to be put in trust with the gospel, even so we speak not as pleasing men, but God." (1 Thessalonians 2:4)

How would life be without embarrassment? At some time we all have been embarrassed.

Life without any embarrassment would make a big difference for people who want to share the gospel. You can't share the gospel if you find it embarrassing. Fear of em-

barrassment makes witnessing difficult. Paul was not embarrassed and shared a message with the jailer. He is not ashamed of the gospel of Christ; for it is the power of God unto salvation. (Romans 1:16)

Don't let fear of embarrassment hinder you. Share your faith boldly. Embarrassment will come to those standing before God who have never shared the message.

### Offered At ESJC

## MacArthur Tech

The entrance examination for the Licensed Practical Nursing Program at Douglas MacArthur State Technical College will be given for the Teacher Hall of Fame, sponsored by Jacksonville State University.

Mrs. McCollough will attend a luncheon-interview with members of the final selection committee on Tuesday, March 11, at 12 noon at the Riverview Plaza Hotel in Mobile. She will also attend the Teacher Hall of Fame awards program on April 1 in the auditorium of the Theron E. Montgomery building at 7:30 in the evening.

Mr. C.W. Crews, Elba Schools superintendent, and his wife have been invited to attend the awards program.

Mrs. McCollough has been in the teaching profession for almost 36 years, including two-and-a-half years teaching private speech at Elba High School.

Her teaching experience began in Holmes County, Florida, where she taught senior high English for two years. One year was spent at New Brockton in social studies and physical education, and the last 30 years in business education at Elba High School.

During her time at Elba High she served as project writer for the local board for approximately 10 years, with all her projects being funded thereby affording the local system over half a million dollars for professional development, instructional materials and curriculum design. Among these projects was the first pre-school program for the Elba City Schools which was funded for a 3-year period.

During this time she spent one summer working for the State Department of Education.

Mrs. McCollough directed the southern accreditation and evaluation activities for the first ten years of Elba High School's membership, and served as in-service chairperson for five years.

She has earned three professional degrees in education - B.S., M.S., and Education Specialist, and recently completed training for instruction of the learning activities of the microcomputer lab at the high school; in relation to this, she taught

1985. Ronnie Crawley, a junior, is the son of Mrs. Gene Crawley. Ronnie has been employed since October 19, 1985.

Eddie McGraw, a junior, is the son of Jackie and Erma McGraw. Eddie has been employed since July 7, 1985.

These students are very appreciative of their jobs and feel they are receiving training that is of great value to them now as well as in the future.

The Cooperative Education Program would like to thank Mr. Cecil Grayson and Mr. Gerald Stevens for their support of these students and the program.

# Cutbacks In Education Budget Would Mean Dramatic Cuts For Elba

The proposed reductions in the 1986-87 education budget released recently by the governor have administrators across the state scurrying to find sources of local funding, as well as making

numerous phone calls to legislators in hopes of having the cutbacks restored. "I haven't fully digested the governor's entire proposal," stated Elba Supt. of Education Billy Crews.

"but when you talk about a 10 percent cut - and 80 percent of the local budget can't be cut - it doesn't take long to figure out some areas would be cut dramatically. "The proposed cutbacks are in

next year's budget, so all we can do is wait and see what happens. No matter what cuts occur, the students in the Elba City Schools will continue to get a quality education."

The governor's proposed cutbacks are as follows:

\*\*\*OTHER CURRENT EXPENSE - 10 percent - These funds are used by local school systems to support day-to-day operations and are spent for such things as utilities, janitorial services, supplies and administrative and instructional services.

\*\*\*CAPITAL OUTLAY - 10 percent - These funds are used to assist in the costs of construction and renovation.

\*\*\*TRANSPORTATION - 13.12 percent - These funds are used to reimburse local schools for the cost of providing transportation for students.

\*\*\*LEAVE - 7.52 percent - These funds are used to partially reimburse local schools for the cost of sick and personal leave for teachers and support personnel.

\*\*\*FUNDS TO REPLACE FEES - 7.52 percent - These funds are used in the classroom by teachers to purchase instructional supplies for students' use.

\*\*\*MAINTENANCE - 7.52 percent - These funds are used by local schools for maintenance pur-

poses, both in classrooms and administrative areas.

\*\*\*SPECIAL ED. CONTINUATION - 9.82 percent - These funds are used by local schools for any purposes involved with the delivery of special education services to special students, and

\*\*\*Other teaching units - 1.58% Vocational Education Teacher Units - 4.45%; Textbooks - 41.33%; Reduce Teacher/Student Ratio in Grade 1 - 100%; Adult Basic Education - 15.6%; Community Education - 10.91% and Vocational Education Administration - 74.39%.

# City Council Spends \$174,000 For New Fire Truck & Street Sweeper

The Elba City Council met in special session on Friday afternoon, February 14, at City Hall and by a unanimous vote, approved the purchase of a new fire truck and a new street sweeper.

Bids were opened on both items at the February 10 meeting, but approval was delayed to allow the council to study the bids in detail.

The low bidder on the street sweeper was Ingram Equipment Co.,

with a bid of \$68,356.25, and after councilman Robert Stephens recommended accepting the bid the council concurred unanimously.

The original bid was \$108,877; however, after a slight change in spec's, a revised bid of \$105,974 was accepted.

The new fire truck will offer updated fire protection due to higher pumping capacity, and assistant fire chief Larry Goodson stated the new truck would be of even greater value after new water lines were installed and new fire plugs were placed downtown.

# Vaccination Clinics To Be Held Feb. 22 Across County

Elba City Schools Told System Is In Black

The Elba City School Board members heard some good news at their February meeting. Supt. C.W. Crews told the board members that the system was operating in the black, thanks to an influx of property tax money; and that a payment had been made on the money borrowed from the bank.

"We are not out of the woods yet," Crews explained. He noted that the bulk of the property tax has been received and very little more will come before next year. However, he said his office has approved the release of several purchase orders for supplies needed by the teachers, and things in general looked better.

The school system took in a total of \$279,645 during January, which included some \$72,000 in property tax. Crews said a payment of \$30,000 had been made to the bank in addition to the \$163,332 interest payment. This cut the debt but is a long way from clearing the debt, Chairman Butch Oggs stated.

Folks who might be interested in purchasing paintings for the den wall, etc., might be interested in several acrylic canvases painted by an Opa artist who has a display of her work in the lobby of SouthTrust Bank in Elba.

The intersections of the new bypass are keeping accident investigation folks busy right on. Last weekend we got through without a single reportable accident at the intersection with Claxton Avenue, but made up for that with the accident at the Troy Highway intersection. In fact this was the worst one thus far since the new road was completed. We suggest our readers be watchful, regardless of the direction you are going or who has the right-of-way.

We congratulate the three local high school basketball teams that are still in contention for the state championships. Elba, New Brockton and Zion Chapel are all three on the winning kick and moving up in their respective divisions. All three will be playing at home this Friday at 7 p.m., and if you like roundball we suggest you turn out for a good basketball game.

We have complained for years about city crews hauling dirt for private use; it ain't stopped, but hopefully our complaints have slowed it down. Recently, however, we have questioned even the slowdown. We called it to the attention of Mayor English when dirt was hauled to a private residence on January 23 — the same day we paid \$46.20 for a load from Southland Sand and Gravel. We were assured it wouldn't happen again, but on Monday of this week THE SAME HOMEOWNER got another load of city dirt! The Alabama Ethics Commission could get into this only if we could prove some city official got something of value for the dirt. However, the attorney general's office doesn't need that tidbit of information — just proof it happened. Let this be a word to the wise — we will follow through on the next case and will personally sign the necessary complaints to insure the law is followed and violators punished. We know the exact procedure as we discussed it with both the above agencies this week.

We haven't done any fishing at all since Christmas, except a late afternoon try for some bream in January. However, we notice in the DeFuniak newspaper bass fishermen are hauling in some nice bass in that area. The largest reported bass was a 12-pounder caught right where I lost one an expensive lure several years ago. I thought it hung on a sunken log, but maybe it was that ol' big bass that got my lure. It sets us on fire to hear or read about someone catching fish, but by the time we hear the news it is rest time for the fish and we come home empty-handed. But we keep trying.

The University of Georgia has lost the lawsuit with the professor who refused to use a double standard for athletics and was fired. We are not at all surprised at this and agree that academics should be a part of any college education. However, paying \$2½ million to one professor is a little out of line. She didn't lose that much and it will not deter the school a bit more, since tax dollars support them. Pay her the money she lost out on, pay her legal fees, etc., and punish the college or administrators somehow — but don't give one person that much in damages... it is out of line.

## Carl Ratcliff Dancers To Perform For Elderly

Part of the goal of the Carl Ratcliff Dance Theatre is to make dance accessible to everyone, including the elderly and mentally and physically handicapped. And over the years Ratcliff has developed special movement classes for

individuals with limited mobility - a gentle version of his dance classes. They perform warm up exercises in chairs, then use the chairs as a barrier while doing additional stretches.

"The first time we did an exercise class for the elderly, the response was so great that we decided to do it all over," says Ratcliff, who started the company 14 years ago and has performed statewide for hospital and other special audiences.

Ratcliff and his group will present a program at Elba High School tomorrow (Friday, Feb. 21), at 8 p.m., and Saturday morning, Feb. 22. Ratcliff and his co-founder Virginia Barnett will conduct an exercise class for the residents of Elba Nursing Home.

Both events are sponsored by the Coffee County Arts Alliance. Melanie Robertson, an Alliance board member of Elba, says, "The interest of Carl Ratcliff and his company in conducting an exercise class at Elba Nursing Home helped us decide to bring the group here. To our knowledge this is one of the few dance groups who tries to make its skill useful to the elderly and handicapped. If they are this interested in helping people, we are confident they are a worthwhile group."

Admission to the Friday program is by season ticket or tickets purchased at a reduced rate at the Jewel Box, Elba; Gallery 2 and Plain 'N' Fancy, Enterprise, or ITT Office, Ft. Rucker. If not sold out, tickets will also be available at the door.

The program is one-and-a-half hours, with an intermission.

## Three In One Study Club Holds February Meeting With Mrs. Miller

The Azalea Garden Club held its February meeting in the home of Mrs. T.M. Miller with Mrs. Charlie Zimmerman as co-hostess.

Upon arrival members and guests were served coffee and fresh strawberry pie.

Mrs. Walter Cox presided and opened the meeting with reading of the club collect in union.

Mrs. Marvin Robbins introduced Mrs. Motley of Motley's Nursery and Landscape Service in Enterprise.

Mrs. Motley shared her methods and ways of "growing beautiful house plants."

"Before buying any house plant, be aware of the location as to light and heat," she said. "Also select plants that are suitable for space and location. Water the plant sparingly, feed it regularly, watch for parasites and spray as needed."

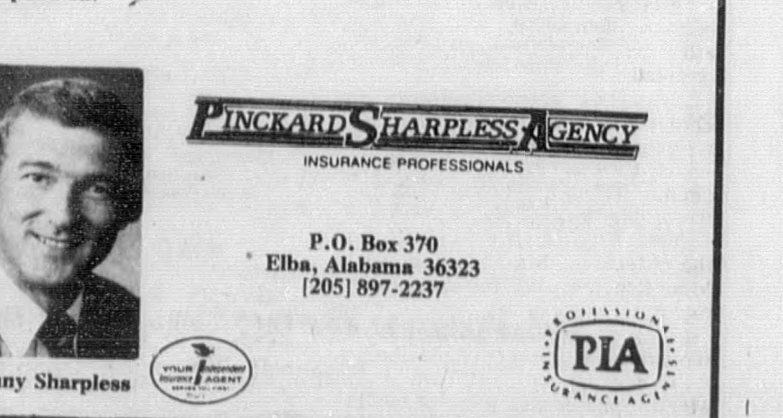

Mrs. Motley displayed a variety of house plants in ceramic pots, and after the demonstration, Mrs. Cox conducted the business of the club.

Mrs. Will Morrow shared the garden hint of the month: "Paint walnuts with a bright red paint and scatter them among your strawberry plants. When the berries get ripe the birds will not bother them."

Mrs. Crook read the minutes in the absence of Mrs. Claypool, and Mrs. Robbins gave the treasurer's report.

Mrs. Oscar Vaughan Jr. shared the names of prospective members.

By popular vote the "Yard of the Month" plaque was to be placed in

## "NOW FINDING A DOCTOR IS AS SIMPLE AS MAKING A PHONE CALL."

### Do you have a personal physician?

Three of every 10 Americans do not. These individuals may be newcomers in town. Or long-time residents who simply have never gotten around to finding their own family doctor. The fact is, most people don't think about medical care until they need it. Then, when they do, they're left to search through the telephone directory trying to locate a doctor who will accept new patients.

Selecting a personal physician is too important to leave to chance - or to the last minute. That's why we developed Physician Information Service®. It's a simple, better way to find a doctor for you or your family. And it's as close as your telephone.

**Introducing Physician Information Service®**

Physician Information Service was designed to help you find a doctor before you need one. We can provide you names of physicians to serve the needs of everyone in your family - from infants to grandparents. Just call the number below.

Remember, Physician Information Service was not created for emergencies. If you require immediate care for an illness or injury, your hospital Emergency Department is the best place to go.

**Everyone should have a personal physician.**

Having your own physician is important for many reasons. A doctor who knows you and your medical history is better prepared to diagnose and treat you for any type of illness or injury.

Having checkups regularly when your physician recommends them is a good idea, too. They can alert your doctor to insidious diseases, which may be present without any obvious symptom - such as high blood pressure, diabetes, anemia or low blood sugar. Your physician can also help you develop a personal plan to maintain your good health and overall fitness.

Don't wait until you need a doctor - call us now. Taking care of your family's health care needs is as simple as making a phone call.

## Elba Elementary Says "Peanuts Are Fun"

SECOND-GRADERS HAVE FUN WITH "GOOBERS" . . . Students shown here are in the second grade at Elba Elementary School and have recently completed a study on peanuts which they found to be educational and a lot of fun. Shown with the students are their teacher, Harriett Boyd; and Alabama Peanut Producers Association board member Dykes Adkison.

Prior to Christmas, numerous schools in the area were given educational and instructional teaching kits for grades K-2 by the Alabama Peanut Producers Association. All of these teachers did exceptionally good jobs in presenting the Peanut Story to their classes. Dykes Adkison, APPA board member from Coffee County, brought attention to the extraordinary presentation done by Harriett Boyd, second grade teacher at Elba Elementary School.

Ms. Boyd's class retained valuable knowledge from the study on peanuts. They learned that peanuts originated from the ancient civilizations of South America at least 2,000 years ago.

These seven-year-olds were also taught that early in the Twentieth Century a Tuskegee Institute teacher and botanist, George Washington Carver, warned Southern farmers of the bollweevil and suggested they alternate their cotton crops with peanuts. Surely enough, Carver's prediction came true. The bollweevil wiped out cotton and farmers began planting "goobers" in the South. Carver's research at Tuskegee netted over 300 users for the peanut.

The students were happy to learn that the old standby, Peanut Butter and Jelly Sandwich is very nutritious and provides the body with much needed protein for body growth and maintenance.

In case there are those of you out there who've had their heads buried in the sand like the ostrich, peanuts are not a nut, they are a legume, according to Elba students. Legumes are plants that grow their pods underground.

The youngsters also told how the well-traveled legume had made its way around the world and even traveled into outer space in the form of space sticks made of peanut butter. They were intrigued that the average American consumes about nine pounds of peanuts a year, mostly in the form of peanut butter, roasted peanuts and candies.

The children were elated to be living in the South where peanuts grow better than any other part of the United States. Other states, besides Alabama, which grow a lot of peanuts are Georgia, Texas, North Carolina, Virginia, Oklahoma, Florida, South Carolina and New Mexico. About 65 percent of the peanuts grown in the U.S. are produced in the Southeastern states of Georgia, Alabama and Florida, they said.

All of Ms. Boyd's students like peanuts in some form and said they eat them on a regular basis. Sixteen (including the teacher) out of 22 liked them best boiled. The rest liked them sweet and crunchy, roasted and Southern parched.

Elba Elementary in Coffee County is doing their fair share in promoting the peanut. "Not only was our study a time of learning, we had a lot of fun doing it," Ms. Boyd said.

They, along with other schools in our area, are pleased that a proposal is being considered by the United States Department of Agriculture to allow more peanuts to be used as a meat alternative in school lunch programs.

This idea was put together strictly because of the nutritional value of the peanut which is 26 percent economical protein and the changing trend in food habits. In concluding their study, the students were taught that peanuts are one of the world's most important food crops grown today and that the majority of the American crop, 1.5 to 2 million tons per year, is processed into edible peanut products. This represents a farm value of over \$850 million.

These second graders, their teacher, Ms. Boyd; and APPA board member, Adkison; urge you to get behind your peanut growers and peanut promoters. Join them as they celebrate next month when March is proclaimed NATIONAL PEANUT MONTH. Do your part to promote a top Southeastern crop-PEANUTS.

## Mrs. Richardson's 5th Grade 4-H Girls Meet

Mrs. Richardson's 5th grade girls met in her room on Feb. 11, 1986. Laura Hall, president, called the meeting to order. Leah Crowe and Loretta Smith led us in 2 songs. Heather Stinson, vice-pres. led us in the pledge to the American and 4-H flags.

The old business was the poster Art Contest. It was taken up during the meeting. There was a total of 3 entries for the contest. The new business was the Sewing Activity. Craft Exhibit, Honey Bee Essay, and the Egg Talk. The Egg Talk will be held Mon., March 15th at 4:30 p.m. at the Extension Office in New Brockton. The Sewing Activity, Craft Exhibit and the Honey Bee Essay will be turned in during March.

The program for today was, "How to do Embroidery." It was given to us by Mrs. Hughes. Mrs. Hughes said there was about 75 embroidery stitches, but she only named 5 which were used more than others. She also showed us how to cross-stitch and she gave each of us a small piece of cloth, a needle and embroidery thread. The meeting was then adjourned until March.

Elba Middle School's 5th grade 4-H Club was chosen Club of the Month for their outstanding performance in January. Club members were very active in county contest during January. Mrs. Beth Dubose is their teacher leader and Joe Jacobs is the president.

Mrs. Diane Smith's 4th grade 4-H Club at Kinston was the winner of the Club of the Month competition in January. Club members participated in several activities and outperformed other clubs to gain this honor. Emily Moody is club president.

The Elba 7th grade 4-H Club led by President Derrick Deal was chosen the January Club of the Month. Club members gained this honor by superior scores in parliamentary procedure and participation in club activities.

Mrs. Judy Cain's 7th grade 4-H Club at Kinston was selected the Best Club for Coffee County in January. The club excelled in areas such as parliamentary procedure, participation and enthusiasm. Club president is Renee Lashley.

## Gamma Beta Phi To Honor Students

Gamma Beta Phi honor society will induct 93 students February 27, 1986 on the TSU main campus. Gamma Beta Phi is an honor and service organization for students in colleges and universities in the United States. Membership is open to students who have completed at least 12 credit hours of college work and have a scholastic ranking within the top 20 percent of their class.

Keith Coleman Lewis, a senior at TSU is one of the inductees. Lewis is the son of Mr. and Mrs. Lloyd W. Lewis of Elba, Alabama.

Lisa Crowell Sutley, a senior at TSU is one of the inductees. Sutley is the daughter of Mr. and Mrs. James L. Crowell of Elba, Alabama.

## Fifth Grade 4-H Meeting Held

The Elba Middle School 2nd period 5th grade 4-H boys held their monthly meeting on Tuesday, February 11.

Chad Smith, reporter of the club, acted as president due to the absence and illness of the club president, Joe Jacobs. Jake Stokes, devotional leader, acted as vice-president and Mr. Foshee acted as the secretary, also due to absence of Lance McCollough and Kevin Bryan. Chad called the meeting to order and Jake led the pledge to the flags, then Kenya Adkins and Ron Bryan led us in a song. Club members were then asked to turn in their poster arts to be judged and announced at the next club meeting in March.

Our club program for Feb. was on the Care of Dogs and Puppies. After the program, Mr. Foshee announced that our club had received the Club of the Month in the county. For our March 11 meeting we are to bring in our craft and sewing projects and our Honeybees Essays. Mr. Foshee also reminded us about

My little girl is taking a nap and there is nothing worth watching on TV, so I guess now is as good a time as any to write this week's column. If only I can get my mind on what I'm doing! . . .

## ELBA TIGER BASKETBALL TEAM STILL GOING STRONG

The Elba Tigers closed out the regular season last week with a big win over arch-rival New Brockton, and followed it up with a win over Pike County in the Area 3 tournament as the Tigers claimed their second straight Area crown and earned a spot in this week's sub-state tourney. The win over New Brockton gave all Elba fans something to shout about; but the win over Pike County gave the fans a real case of state tournament fever for the first time in many years, and I'll have to admit I've got as bad a case as anybody!

Elba played as well last week as it has all year, and I think Coach Kennedy and his players have finally realized just what it takes to win consistently - a total effort in practice as well as in the game. Elba got in a little slump a couple of weeks ago and I have to admit I doubted if the team would ever put it all together, but Coach Kennedy never doubted it for a second and worked the team harder than ever in practice - and it obviously has paid off. I tip my hat to everyone involved for the way the Tigers have come together and developed into a championship caliber team.

Kevin Goosby had a super week last week as he scored 39 points against New Brockton and 44 against Pike County. Goosby, a senior, has played well all year; however, his play in recent weeks has placed him on the list with Elba's greatest players of all time! Keep it going Kevin - all Tiger fans are behind you and love to see you play!

## TWO COUNTY SCHOOLS CLAIM AREA CROWNS

It was Area tourney time across the state last week, and here in Coffee County two of the three county schools claimed Area titles and kept state tournament hopes alive. Here is a look at how the county schools did:

\*\*\*Zion Chapel continued to be the surprise team of the area by claiming the Class 2A, Area 3 crown by defeating Straughn and Goshen. The Rebels had a lot of troubles midway through the season on and off the court, but Coach Jerry Barnes worked out the problems and turned the Rebels into a solid basketball team. The Rebels will have to play their best this week to stay alive; however, you can't count the Rebels out because they believe!

\*\*\*New Brockton rolled to the Class 2A, Area 4 crown by whipping Samson and Houston County, and although neither win was especially impressive, there was no doubt the Gamecocks were the class of the field. New Brockton needs to bring playing its best if it wants to make it back to the state tourney, but I think the best is yet to come and I have no doubt New Brockton will prove it this week!

\*\*\*Elba bowed out in the opening round of the Area tourney and I'm sure there are a lot of disappointed folks down in the southwest corner of the county; however, the Bulldogs worked hard all season long and deserve a lot of credit for posting another winning season. Kinston could have written off the season and just said, "we're rebuilding," but nobody backed up and the Bulldogs showed why they win year after year. Congratulations on a good basketball season!

## SPRING FOOTBALL TRAINING UNDERWAY AT ELBA

I haven't had a chance to watch a practice yet, but the sound of pads popping can be heard every day at Elba where Coach Mack Wood has begun spring football training. The Tigers play another tough schedule next season, including Ozark, Troy, Opp, Andalusia, Geneva and Pike County (not to mention their Area 3 opponents); and when you consider the team lost over 20 seniors it doesn't take long to figure out how important this spring training is. If you get a chance, go down and watch 'em practice, then call me and let me know what you think.

## SOFTBALL TEAMS NEED TO START ORGANIZING

The softball season is a little over two months away, and while that may sound like a long time to some of you, it really isn't all that far off and I'd like to urge all local softball players to go ahead and get started putting your teams together. We've got the finest coaches around here at Elba, and it's pitiful for only six or seven teams to play in the men's league, and no more than four teams to play in the women's and church leagues. I'd like to see all the churches form teams and everybody who likes to play get on a team and join in the fun. Don't wait . . . start now and you'll be ready to go when warm weather arrives!

## Elba Tigers Blast Pike County Bulldogs 83-61 To Claim Class 4A, Area 3 Crown

The Elba Tigers pulled ahead early in the first quarter and turned back numerous Pike County challenges Friday night to defeat the Bulldogs 83-61 to claim the championship of the Class 4A, Area 3 basketball tournament, held at the Pike County gym.

The win capped Elba's record to 13-4 and gave the Tigers their second straight Area 3 crown, while Pike County fell to 10-10 with the loss.

The heaters were turned up high in the Bulldog gym Friday night and the Bulldogs came out just as hot as they grabbed an early 2-0 lead and kept the lead until Mick Phillips converted on a 3-point play with 5:39 left in the opening stanza to put Elba ahead 7-6. Pike County regained the lead at 8-7 with 5:00 left, but the Tigers scored 6 unanswered points over the next two-and-a-half minutes to take a 13-8 advantage.

Elba had a chance to blow the game open late in the stanza; however, numerous turnovers against the Pike County press kept the game close, and with 2:18 left the Tigers with a slim 13-12 lead. Kevin Goosby scored two quick buckets to stretch Elba's lead to 17-12, and at the end of the quarter the Tigers were on top 21-16!

Elba moved on top 25-16 early in the second quarter on buckets by Goosby and Phillips and the Tigers held on to the 9-point lead for much of the stanza as Goosby and John Osburn controlled the action inside.

Elba began to get in foul trouble late in the quarter as Mike McCollough picked up his 4th foul and Phillips and Osburn were whistled for their third fouls within a one-minute span. Pike County took advantage of the tie's absence to cut in to the Elba's lead, and by the end of the half the Tigers' lead had been whittled to only three points at 36-33.

Elba came out in an aggressive full-court press in the third quarter and took advantage of Bulldog turnovers to regain control and moved ahead 42-33 with 7:09 left on the clock on a layup by Bubba Craighead. The Elba press caused the Bulldogs first throughout the quarter and the Tigers hit on 9 of 10 free-throws during the stanza to pull out to a big 61-43 lead with only one

## ELBA TO HOST SUB-STATE FINALS FRIDAY NIGHT AT 7:00

The Elba Tigers defeated Ashford 67-60 Tuesday night to advance to the Class 4A sub-state finals. The Tigers, who are now only one game away from the state tournament, are trying to make their first visit to Tuscaloosa in 21 years. Elba (14-4) will host the Evergreen Aggies Friday night at the Elba High School gym. All Elba fans are encouraged to attend the game and cheer on the Tigers in their quest for a state tournament berth!

## quarter left to play!

Pike County scored three quick buckets to open the final stanza and cut Elba's lead to 61-49 with 7:28 left in the game; but Elba's Kevin Goosby and John Osburn combined for 10 points over the next three minutes and the Tigers were in complete control with a 71-53 lead with only 4:17 left in the contest. Two long jumpers by Mick Phillips

upped the Elba lead to 75-53 with 3:40 left and the Tigers coasted in with the impressive victory!

Kevin Goosby scored 44 points and grabbed 17 rebounds to lead the Tigers, while Mick Phillips added 15 points and John Osburn scored 13. For the game, Elba hit on 31 of 39 free-throws. Pike County was led in scoring by Reggie Patterson with 16 and Dickie McGuire with 12.

## Fob James Built Three New Prisons

### To Keep Criminals Where They Belong

Dangerous criminals shouldn't be set free because prisons are crowded. But in 1979, the federal courts were ready to put criminals back on the street in Alabama.

The federal courts said conditions in Alabama prisons were so bad that they, and not our governor, were going to decide Alabama penal policy.

But when Fob James was elected governor,

he took control of Alabama prisons back from the federal courts. He assumed personal responsibility for insuring that Alabama prisons were secure and properly guarded.

And he built three new prisons to house dangerous criminals.

Fob James made sure Alabama prisons punished criminals. Instead of punishing us.

## Elba Tigers Pluck Gamecocks 74-46

The Elba Tigers pulled ahead early and then took complete control in the second half to clobber the New Brockton Gamecocks 74-46, at the Elba High gym.

The win, Elba's third over New Brockton this season, upped the Tigers' record to 12-4, while the Gamecocks slipped to 18-5 with the loss.

Neither team could find the range early in the game and with 4:54 left in the opening stanza the score was tied at 2-2. Two free-throws by John Osburn gave Elba a 4-2 lead with 4:37 left and when Bubba Craighead scored on a put-back only a minute later the Tigers suddenly owned a 10-4 advantage. Elba carried a 16-11 lead into the second quarter, only to see Keith Patterson get hot and pull New Brockton within 18-15 with 5:41 left in the half. Elba, led by the inside play of Osburn and Kevin Goosby, settled down following the Gamecock rally; however, and opened-up a 28-18 bulge with 1:57 left. The Gamecocks refused to quit, but couldn't catch the Tigers and at the half Elba went in with a 32-24 lead.

New Brockton's Laymon Hornsby, a 6'6" center, came back in the game in the third quarter saddled with 3 fouls and Elba's Goosby, a 6'4" jumping jack, went right at Hornsby and scored 8 straight points in less than two-

minutes to give the Tigers a 40-24 lead with 6:02 left in the stanza! Elba didn't slow down after the quick scoring spree as it opened up a 54-34 lead by the end of the quarter and kept pouring it on in the final stanza to claim the lopsided 74-46 win.

Kevin Goosby scored 39 points and grabbed 13 rebounds to lead Elba, while John Osburn added 10 points. Keith Patterson scored 17 for New Brockton.

### [B GAME]

The Elba B team ended the season on a winning note by upsetting New Brockton 44-38. The score was tied at 26-26 after three quarters, but Elba broke loose in the final stanza to post the win.

Jason Johnson scored 19 points to lead Elba, while Stanley Foster scored 16 for New Brockton.

Elba [44]: Johnson 19, Bass 12, Hanchey 11, Fleming 2.

Elba's Kevin Goosby (20) drops in a basket over his head in the Tigers' 83-61 Area championship game against Pike County. Goosby, a senior, poured in 44 points and grabbed 17 rebounds to lead Elba to the victory.

## Kinston Bulldogs Fall To Dozier 47-39 In Area Opener

The Kinston Bulldogs made an early exit last week in the Class 1A Area 4 tournament when they fell to the Dozier Tigers 47-39, in the opening round of action.

Kinston, which defeated Dozier in regular season play, held a slim

two-point lead late in the game; however, Dozier rallied and pulled off the upset.

Hugh Helms scored 18 points for Kinston, which ended the year with a 12-9 record, while Gary Williams led Dozier with 14.

## Zion Chapel Claims Area 3 Championship

The Zion Chapel Rebels claimed their third straight Area basketball championship last week by defeating Straughn and Goshen to win the Class 2A, Area 3 basketball tournament held at the Goshen High School gym.

The Rebels won the Class 1A,

Area 5 titles in 1984 and 1985, then moved up a class in 1986 and kept their streak alive by claiming the two tournament wins!

### Tide To Play In Kickoff Classic

It was officially announced last week that Alabama and Ohio State will meet in the Kickoff Classic either August 27 or 28 to begin the 1986 college football season.

The fourth annual Kickoff Classic will be played in Giants' Stadium at the Meadowlands in East Rutherford, N. J.

Coaches Ray Perkins and Earle Bruce were present at the New York press conference and expressed their excitement for being selected.

"I'm excited about it for a lot of reasons," Perkins, the former New York Giants head coach, said. "Standing on the sidelines during the course of a game here certainly will bring back memories - a lot of good ones and some bad ones, too."

"It is important for us to play a great team to lead off the season. I'd rather have at least two games under our belt and play a traditional team before we play Florida (first SEC game on Sept. 20)."

Before taking over as head coach at Alabama in 1983, Perkins was the Giants coach for four seasons (1979-82). In 1981, he led the Giants to their first NFL playoff game in 18 years.

Bruce assured the media gathering that the Buckeyes are looking forward to meeting the Crimson Tide also.

With 16 starters returning from a 9-3 season, Bruce said, "We're always a contender in the Big Ten. I don't know of a year since I've been here that we haven't been a contender. Somehow, we're going to be a contender."

Other Kickoff Classic games have seen (1983) Nebraska beat Penn State 44-6, (1984) Miami (Fla.) edge Auburn 20-18 and (1985) Brigham Young defeat Boston College 28-14.

Goshen 45

The Zion Chapel Rebels led all the way Friday night to post a surprisingly easy 50-45 win over the Goshen Eagles in the finals of the Class 2A, Area 3 tournament, held at the Eagle gym.

Straughn worked the delay to perfection the remainder of the stanza and at the end of the quarter the score was tied at 4-4.

The Rebels picked up the tempo in the second stanza and behind the play of Chancellor took a commanding 22-10 lead at the half. Straughn came out of its delay in the second half and used the hot shooting of Frankie Downing to breeze to the win.

Frankie Downing scored 23 points to lead Zion Chapel, while Scotty Chancellor added 15. Mark Dewrell led Straughn with 16.

## Gamecocks Roll To Area Basketball Title

It wasn't as easy as many thought it would be, but in the end the results were as expected as the New Brockton Gamecocks disposed of Samson and Houston County last week to win the Class 2A, Area 4 basketball tournament at the Houston County gym in Columbia.

Following are complete results:

New Brockton 53  
Samson 42

The New Brockton Gamecocks woke up after a sluggish first quarter and went on to post a lachluster 53-42 win over the Samson Tigers, in the opening round of the Class 2A, Area 4 tournament.

Samson came out in a slowdown attack and held a surprising 10-8 lead after one quarter, only to see New Brockton take charge in the second stanza to grab a 23-16 halftime lead. The Gamecocks saw Samson rally in the third quarter to get within striking range, but Brockton held on and claimed the win.

Keith Patterson scored 16 points

to lead New Brockton, while Laymon Hornsby added 14 and Kenneth Deaton hit 13. Billy Harrison scored 12 for Samson.

New Brockton 64  
Houston Co. 60

The New Brockton Gamecocks pulled out to an early lead and never looked back Friday night to defeat the Houston County Lions 64-60 in the finals of the Class 2A, Area 4 tournament.

New Brockton came out playing a deliberate style of offense and worked the ball inside to o'el' center Laymon Hornsby on almost every trip downcourt in the opening stanza as Hornsby scored 12 of his team's 20 points to spark the Gamecocks to a 20-14 lead.

Houston County hung tough with New Brockton in the second stanza and matched the Gamecocks shot-for-shot, but the Lions couldn't catch up and went in at the half trailing 32-29.

The two Area rivals swapped buckets for much of the third quarter

and it was the play of New Brockton's Kenneth Deaton that kept the Gamecocks on top as Houston County battled for the upset.

A 10-point Gamecock lead early in the final quarter shrunk to 4 points late in the game as the Lions staged a comeback. However, New Brockton's Darrell Reynolds hit on 5

of free-throws late in the stanza to keep Brockton on top and lead the Gamecocks to the Area 4 title!

Laymon Hornsby scored 21 points and grabbed 17 rebounds to lead New Brockton, while Kenneth Deaton added 13 points and Darrell Reynolds scored 11. Donald Faulk led Houston County with 19 points.

## Lakers & Nets Post Wins In Youth Basketball League

The Lakers and Nets posted wins in youth basketball action last week to move into a tie for first place with identical 2-1 records. The Jazz and Hawks both own 1-2 slates.

Lakers 22  
Jazz 15

The Lakers pulled ahead in the second quarter and held on to defeat the Jazz 22-15. Scoring for the Lakers were Joe Johnson 4, Tommy McMillan 2 and Kyle Dubose 2. Scoring for the Jazz were Derrick Deal 4, Pernell Smith 4, Jamie Bass

2, Chris Lindsey 2, Kyle Padgett 2 and Smith 1.

Nets 26  
Hawks 25

The Nets pulled out to a big first-half lead and held off a furious Hawks rally to post a narrow 26-25 win. Scoring for the Nets were Todd Killingsworth 9, Chad Dawkins 6, Troy Fillingim 5, Alex Magwood 4 and Ron Bryan 2. Scoring for the Hawks were Scotty Hooks 14, Phillips 5, Shawn Diehl 4 and Chris Tidwell 2.

Elba High School's Math Team won third place in the Class AA competition at the 17th annual mathematics tournament held at Lurleen B. Wallace State Junior College Feb. 7. Standing with the team sponsor Mrs. Sue Adkison at left, are: Buster Kelley, Taylor Rushing, Scott Kelley and Tommy Holt. Presenting the award is Dr. James D. Krudop, Dean of Students/Administration. The Elba team was among 46 high school teams competing for scholarships and trophies at the tournament.

## Elba Math Team Wins Trophy

Elba High School's math team composed of Tommy Holt, Buster Kelley, Scott Kelley and Taylor Rushing won the third place trophy in class 2A at the seventh Mathematics Tournament at Lurleen B. Wallace State Junior College in Andalusia Friday, February 7. Chosen as the first four alternates were Jay Patel, Karen Morrow, Art Brunson, and Harris Davis. The purpose of the annual tournament is to recognize outstanding mathematics students and to foster interest in mathematics among high school students.

Each student attending the tournament was given a written examination consisting of 40 problems to solve in 90 minutes. After the written test, Tommy

After the written test, Tommy, Buster, Scott, and Taylor participated in a ciphering contest with other math team members in the gym. Alternates from Elba attending the math contest were Shellye Amison, Debbie Blair, Melanee Bolland, Christina Carpenter, Daphne Donaldson, Stacey Goodson, Marty Harrelson, Starla Henderson, Jay Johnson, Danon Lowery, Mike McCollough, Melissa More, Paige Morrow, Tawana Nelson, John Osburn, Yvonne Searey, Julie Sullivan and Pam Windam. Mrs. Sue Adkison, sponsor, accompanied the group to Andalusia. When asked about the win, Mrs. Adkison responded, "Mmmmm ya'll, we have won a trophy!"

## Plan To Follow Unit System Guidelines Causes Stir Among Commission

The Coffee County Commission met in regular session on Monday, Feb. 24, at the courthouse in Elba and heard county engineer Mac Rushing state that the highway department would begin working as

**OUTLINES NEW PLAN** . . . County engineer Mac Rushing outlined his reorganization plans for the Coffee County Highway Department at Monday's Coffee County Commission meeting. The commission, in a split vote, agreed to support Rushing's plan.

outlined in the "Unit System" and the department would undergo an extensive reorganization.

Rushing, who has been employed as county engineer for seven months, said that since his appointment as county engineer he had spent a great deal of time studying the road program in the county.

"The duties of the county engineer are outlined in the unit system," stated Rushing, "and to provide the best possible road system for the residents of the county the commission needs to work with me under the unit system. The current system involving work areas causes problems with the efficiency and productivity of both personnel and equipment."

Under the new system, Rushing reported all highway department employees would report to work at the county shop daily and then go to an assigned work detail. The employees will be reclassified based on skills, and would allow new specialized work crews to handle individual problems across the county.

Also, all equipment not assigned to a crew will be moved to the shop, all fuel tanks will be moved to the county shop and all work requests would be forwarded to the engineer's office for dispersal.

The engineer stated the unit system was established by an act of the legislature and told the commission he would "appreciate its support."

Commissioner Jimmy Bryan voiced immediate opposition to the engineer's plan and declared, "It's been tried in Coffee County before and it didn't work, and it won't work now."

Commissioner Bill Faulk supported the change, saying, "I support the unit system and want to do what is economically best for the people. I can understand the engineer's problem and think it would be in the best interest of the county to support his plan."

When the county's "unique" dual courthouse system was mentioned as a problem, Rushing stated, "I don't think the dual system should cause problems in the highway department; need should be the primary concern. I think the unit system gives me the authority to do what I have planned, but I would like the support of the commission."

Commissioner Bryan, who con-

tinued to be vocal in his opposition, spoke up again and said, "It will not be as efficient as the current program and I don't think it will work. We will have a turnover in personnel due to the extra travel required in going to New Brockton every day, and I don't think the public will like it. I don't think the county is too big for the engineer to handle as it now operates."

"I worked in a county using the unit system for four years, and I know it will work," Rushing added. "I have more experience in this program than any commissioner and it will work! If it doesn't, I'll admit I was wrong and will be willing to change."

Commissioner Faulk made a motion to support the change and it was seconded by Commissioner Billy Paul Owens.

The commission and engineer had obvious differences in opinion concerning authority under the unit system, and after a lengthy discussion a vote was taken, with Faulk, Owens and Sid Averett voting to support the change, and Bryan, Eugene Bradley and Billy Eagerton voting against it.

Probate Judge Marion Brunson, commission chairman, was called on to break the tie and stated, "We have an engineer to make these decisions and think we should give his plan a try, so I'll vote to support his plan."

Commissioner Eagerton expressed a concern that since the commissioners no longer had direct authority over work crews, that previous promises to do work would be delayed.

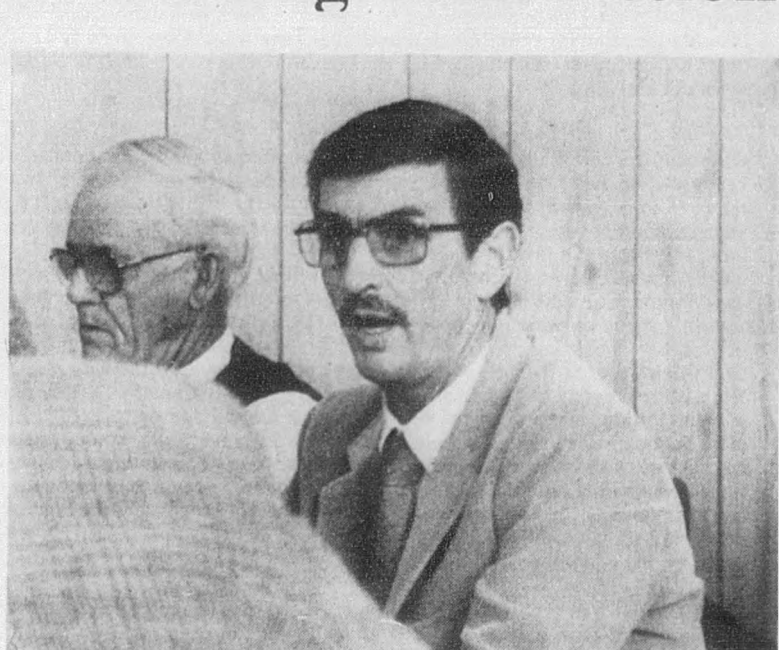

The engineer assured the commission that their wishes would continue to be followed and pledged to work with the commission.

Monday's meeting began at 9 a.m., and after the routine adoption of the minutes of the previous meeting, the commission opened bids on roofing the county office complex.

The only bid came from Robbins Roofing Company of Dothan, and the prices were \$34,100 for the arena, \$14,946 for the ASCS building and \$15,258 on the engineering building, for a total project cost of \$64,304.

The bidder stated it wasn't possible to get a 20-year bond, as requested; however, a 3-year guarantee was offered.

The commission felt the cost was

high for only a 3-year guarantee and the bid until the bidder could meet with the maintenance supervisor and the county attorney to work out a negotiated agreement.

## Dossey Murder Conviction Upheld By State Appeals Court

The Alabama Court of Criminal Appeals last week upheld a 99-year prison sentence for a rural Crenshaw County man convicted in 1985 of murdering his wife for over \$300,000 in insurance money.

Roy Loid Dossey, a resident of the Bullock Community, was convicted on March 13, 1985, for the shotgun slaying of his wife on Jan. 1, 1984, but appealed the conviction, citing a number of reasons including alleged incompetence by his attorney.

In denying the appeal, the appeals court stated, "Running like a thread throughout the prosecution's case is the \$300,000 in insurance the defendant would collect on his wife's death."

Prosecutors in the case, which was tried in Crenshaw County Circuit Court, contended Dossey planned to kill his wife to collect on several insurance policies, including a \$100,000 double indemnity policy taken out only three months prior to Mrs. Dossey's death.

Dossey stated during testimony that he and his wife went hunting on New Year's day and that he left her in one section of the woods while he took his shotgun and walked 100 yards away to look for another spot to

heavily wooded area along the river, near the Samson Highway. Stubbs was spotted by search-dog teams from Atmore at approximately 9 a.m. and was captured at 9:30 when he ran out of the woods and onto the road, three miles from Elba.

Voight was captured at 12:08 p.m. after law enforcement officials surrounded the area the suspect was hiding in, and caught the escapee after a foot race between the suspect and the officials.

Police from Elba, Enterprise, Kinston, Opp, Andalusia and New Brockton aided in the manhunt, as well as Coffee, Covington and Crenshaw County Sheriff's Dept. officials, state game wardens, a state trooper helicopter and the search-dogs from Atmore.

look for deer. He said he heard a shot and after walking back to his wife on her lying on the ground.

Mrs. Dossey died of internal bleeding and was found to have been struck 14 times by pellets from a 20-gauge shotgun.

In his appeal, Dossey claimed his attorney took no photographs at the scene of the shooting, didn't talk to any witnesses prior to the start of the trial, didn't ask for a change of venue and failed to ask the jurors if any of them knew about the death of Dossey's child and the subsequent exhumation of her body.

Prosecutors have stated Dossey is the prime suspect in the drowning death of his 9-year-old daughter, who drowned in a swimming pool near the Dossey's home two years prior to Mrs. Dossey's death. Dossey reportedly became a suspect in his daughter's death after the investigation began on Mrs. Dossey's death.

Dossey reportedly took out a \$5,000 double-indemnity insurance policy on his daughter six days prior to her death and listed himself as the beneficiary.

According to authorities, Dossey collected the \$10,000 in his daughter's death as well as approximately \$20,000 on one of the insurance policies taken out on his wife.

The appeals court stated, "The prosecution proved that the defendant had the means, motive and opportunity to kill his wife," and ruled "The evidence was sufficient to support the verdict of the jury."

Dossey still has the legal right to appeal to the Alabama Supreme Court.

## All Is Cheery At Monday Meeting Of Elba City Council

The Elba City Council could be described as "Happy Times," as virtually everything discussed was positive and there was much praise expressed for the record and the public to hear.

Police Chief John White set the tone for the meeting when he expressed his gratitude to the various law enforcement agencies that participated in the recapture of the two escapees from the Coffee County Jail in Elba Saturday morning. He noted his department would always endeavor to recapture any escapee as soon as possible, and the help from other agencies is greatly appreciated.

Rescue squad captain Sonny Inman quoted a bit of Shakespeare when he said, "I come to praise Caesar and not . . ." He expressed appreciation to the city officials for their continued support of the efforts of the rescue squad. He noted they were progressing with their renovation of the old fire station area for use by the rescue squad for housing of the vehicles, including the new \$45,000 ambulance and a meeting room for squad members.

Mayor Bob English spoke on behalf of the entire council and expressed appreciation for the fine

job being done by the members of the rescue squad. He noted that they serve without any pay and that payment on the new vehicle was through charges made by the squad for runs made.

Inman noted the group averaged 1 1/4 runs a day throughout 1985. English told council members he would like their permission to seek bids on some surplus city land with the money going to buy additional land for a landfill and/or off-street parking in the downtown area. He noted that the present trash landfill was fast filling up and additional space was needed.

Property being considered for sale includes some on the bypass, just past Elba Custom Meats; Adkinson Street; Tucker Street and Taylor Mill Road. He explained that when and if bids are taken, they will be with the reservation that if too low, they will all be refused.

English then explained to the council that recent reported incidents of hauling dirt to private residences in Elba were in violation of city policy and said the cases resulted from a lack of communications, and accepted full responsibility.

## Coffee County Jail Inmates Enjoy Only Brief Taste Of Freedom After Weekend Escape

Two escapees from the Coffee County Jail in Elba enjoyed only a brief taste of freedom last weekend as both were captured shortly after climbing over a fence at the downtown facility.

The escapees, identified as Brian J. Voight, age 23, of Elmore, and Timothy David Stubbs, age 17, of Manchester, Georgia, reportedly escaped at 6:10 a.m. on Saturday, Feb. 22, and were back in custody less than six hours later after an extensive manhunt by area law

enforcement officials.

The jailer on duty reportedly saw Stubbs climbing the fence near the rear of the jail and when he went outside to capture the attempted escapee, Voight ran to the front of the jail and climbed over the 10-foot-high gate at the entrance of the jail. Stubbs was able to pull away from the jailer, and both apparently escaped on foot by going over the levee behind the jail. The escapees then swam across the Pea River and made their way into a

heavily wooded area along the river, near the Samson Highway.

Stubbs was spotted by search-dog teams from Atmore at approximately 9 a.m. and was captured at 9:30 when he ran out of the woods and onto the road, three miles from Elba.

Voight was captured at 12:08 p.m. after law enforcement officials surrounded the area the suspect was hiding in, and caught the escapee after a foot race between the suspect and the officials.

Police from Elba, Enterprise, Kinston, Opp, Andalusia and New Brockton aided in the manhunt, as well as Coffee, Covington and Crenshaw County Sheriff's Dept. officials, state game wardens, a state trooper helicopter and the search-dogs from Atmore.
